

# Your friend on the road

**RHINO**

Safe Strong Reliable

Ready to pour Rhino Screen Wash removes bugs and traffic film to give clear vision with no smears. Even though this product is powerful & fast acting in all conditions, it has been developed using only the finest raw materials which are harmless to rubber, paint work and the environment.

Rhino De-Icer has been especially formulated to remove ice and defrost car windscreens effortlessly and safely. The active ingredient also removes traffic film and road grime improving visibility and making driving safer.

A professional Wash & Wax cleans, shines and protects. This superb product has been tried and tested on all paint types, on new and old vehicles with outstanding results every time.
